

What is Distance Learning?

Distance learning is a method of study in which course content, assignments, and communication are held over the Internet. Throughout the years, MDCPS has compiled a comprehensive collection of online content and digital resources to aide in distance learning so that students can continue their education without interruption. During the time of our school closure, you should continue learning online by completing assignments and tasks, as assigned by your teacher.

Communication

General school communication will be delivered via our Social media accounts. We also encourage you to follow MDCPS to keep current on district related information.

Teachers

Teachers have informed students their communication avenue including email. You may access all teacher emails on staff directory on the school's website at www.arvidamiddle.org.

OFFICE HOURS

Like a regular school day, you will be responsible for checking all your classes distance learning daily to retrieve all your assignments, contribute to the class, and submit work if requested.

All teachers have office hours where you can communicate with hem for any questions, work submissions, etc. During these Office Hours your teacher will:

- Monitor student usage of online programs
- Communicate with students/parents
- Plan and communicate assignments
- Grade assignments
